ABOUT THE TEAM JACK FOUNDATION

The Team Jack Foundation's mission is to raise research funds and awareness for childhood brain cancer. The disease is the leading cancer cause of death in children. Each year less than four percent of U.S. federal funding is solely dedicated to childhood cancer research, with even less spent on childhood brain cancer research. Since 2013, the Team Jack Foundation has raised over $14.5 million for childhood brain cancer research and has invested in 20 research projects nationally and globally.
